

Pupils Career Learning Journey

EYFS - Y3

EYFS

I know some people who help us in the emergency services such as the fire service and the police. I know that there are lots of different jobs that both men and women can do I know we make a Christmas craft to make money for the school.

Year 1

I know some of the jobs people do in the local area by looking at a map. I know how to talk about things I am good at and 'why I'm special' I know why it is important to raise money for the school and for chosen charities. I know about Stoke-on-Trent's pottery heritage and enjoy working with the local pottery companies to create my own pottery plate to fundraise. I know how to start to think about 'where learning can lead me'.

Year 2

I know that I can do any job that I aspire to. I can start to recognise and challenge gender stereotypes. I know how to link what I am good at to what I might want to do when I am older. I enjoy making crafts through enterprise to sell at Christmas and understand the importance of fundraising for school and charities.

Year 3

I can talk more confidently about what jobs and careers interest me. I know how to positively reflect on my experiences with the world of work. I know how to ask high quality questions to visitors and on class trips to get a better understanding of what people do.
